

EARMUFFS

Helmet-Mount Earmuffs | SP-HP-002

Description

The SPROM Helmet-Mount Earmuffs are durable, helmet-mounted hearing protectors that deliver reliable passive noise reduction with an SNR of 28 dB, helping reduce exposure to harmful sound levels in noisy work environments. They attach directly to standard safety helmets with spring-loaded arms that ensure a secure fit and can be easily lifted and parked when not in use. Soft cushioned ear cups provide comfort for long shifts, and the tough impact-resistant materials make them suitable for construction, manufacturing, mining, and other industrial settings.

Key Information

Colors: ●

Size range: Standard

Fabric: ABS cups, foam liner, PU-covered cushions, stainless steel wire arms.

Key Features

- ▶ **Noise Reduction:** SNR28dB certified hearing protection.
- ▶ **Mount Type:** Helmet mounting with spring-loaded arms for secure fit.
- ▶ **Comfort:** Soft cushioned ear cups for extended wear.
- ▶ **Design:** Lightweight with adjustable positioning and easy detach.

Warnings

- ▶ Improper fitting will reduce effectiveness and could result in hearing loss.
- ▶ Keep away from infants and children. The earplugs are non-toxic, but may interfere with breathing if stuck in a windpipe.
