

HIGH VIZ VEST

High viz vest | SP-WW-VST-001

Description

The SPROM High Viz Vest is a lightweight, high visibility safety vest designed to be worn over any workwear with minimal bulk. Constructed with fluorescent fabric and 50mm reflective tape for enhanced visibility in low light conditions, it features a secure front zip and a dedicated ID pocket for easy access to identification or credentials. Ideal for construction, logistics, and outdoor work where visibility and quick identification are essential.
