

ACID/FLAME WORK JACKET

Reflective Acid/Flame Work Jacket | SP-WW-AF-001

Description

The SPROM Flame & Acid Work Jacket is designed for workers exposed to chemical and thermal hazards. Made from durable 270gsm 100% cotton, the fabric is specially treated to resist acid splashes, oil, and water, and self-extinguishes once the ignition source is removed to reduce burn risks. The jacket features reinforced panels and practical pockets, providing both protection and functionality in demanding environments.
