

# GUMBOOTS

SPROM Ankle Gumboots | SP-GB-002

## Description

The SPROM Ankle Gumboots – SG02 are designed for versatility, comfort, and protection in light-to-medium industrial environments. Made with recycled PVC uppers and a virgin PVC sole, these ankle gumboots provide durable traction, flexibility, and protection against water and dirt. With a quick-dry polyester lining, moulded wool insole, and elastic side gussets, they ensure comfort and support for all-day use.
