

HELMET

SPROM Safety Helmet with Earmuff Mounting Slots SP-HF-003

Description

The SPROM Safety Helmet with Earmuff Mounting Slots is designed to provide advanced head protection for demanding industrial and work-at-height environments. Featuring a lightweight yet impact-resistant shell and a secure multi-point chin strap, it ensures stability, comfort, and reliable protection. Its ergonomic design and accessory compatibility make it ideal for professionals requiring both safety and performance.

Key Information

Colors: ○
Size range: Standard
Fabric: Shell material: High-impact ABS outer shell with shock-absorbing EPS inner liner

Key Features

- ▶ **Chin strap:** Adjustable 4-point chin strap for secure fit and stability
- ▶ **Adjustment system:** Rear ratchet adjustment for precise head fit
- ▶ **Head size range:** Adjustable, typically 52–63 cm
