

SAFETY BOOTY

SPROM metatarsal safety boot | SP-SB-004

Description

The SPROM Metatarsal Safety Boots are engineered for environments where both toe and upper foot protection are critical. Made from high-quality full-grain leather with a fixed ABS metaguard, they protect against impact, compression, and penetration hazards. With a dual-density PU sole, steel midsole, and 200J steel toe cap, these boots combine comfort, durability, and full safety compliance.

Key Information

Colors: ●
Fabric: Leather
Size range: 3-13

Key Features

- ▶ **Toe Cap:** 200J steel toe cap
- ▶ **Metatarsal Guard:** Fixed ABS metaguard for upper foot protection
